THE PROPOSED RENEWAL OF THE SHARE BUY-BACK MANDATE

1. INTRODUCTION

1.1 The purpose of this Appendix is to provide Shareholders with the relevant information pertaining to, and to seek Shareholders' approval at the 2023 AGM for, *inter alia*, the proposed renewal of the Share Buy-Back Mandate.

1.2 The proposed renewal of the Share Buy-Back Mandate is set out as ordinary resolution in the Notice of 2023 AGM accompanying this Appendix. This Appendix has been prepared solely for the purposes outlined above and may not be relied upon by any persons (other than the Shareholder to whom this Appendix is despatched to by the Company) or for any other purpose.

If you are in doubt about its contents or the action you should take, you should consult your bank manager, stockbroker, solicitor, accountant or other professional adviser immediately.

1.3 The SGX-ST assumes no responsibility for the accuracy of any statements made, opinions expressed or reports contained in this Appendix.

2. THE PROPOSED RENEWAL OF THE SHARE BUY-BACK MANDATE

2.1 Introduction

The Board is proposing to seek Shareholders' approval at the AGM for the proposed renewal of the Share Buy-Back Mandate.

The Share Buy-Back Mandate is a general mandate to be given by the Shareholders to allow the Company to purchase or acquire its issued Shares at any time during the duration and on the terms of the Share Buy-Back Mandate. Any purchase or acquisition of Shares by the Company would have to be made in accordance with, and in the manner prescribed by its Constitution, the Companies Act, the Listing Rules and such other laws and regulations as may be, for the time being, be applicable. The Company's Constitution expressly permits the Company to purchase or otherwise acquire its issued Shares in accordance with the relevant laws on such terms and subject to such conditions as the Company may prescribe in general

meeting. The Company is also required to obtain approval of its Shareholders at a general meeting if it wishes to purchase or acquire its own Shares.

The Company had, at the AGM of the Company held on 29 October 2019 (“**2019 AGM**”), sought and obtained the approval of the Shareholders for the Share Buy-Back Mandate to enable the Company to purchase or otherwise acquire its issued Shares. The rationale for, the authority and limits on, and the financial effects of, the Share Buy-Back Mandate were set out in the appendix dated 14 October 2019 to the Company’s annual report for the year ended 30 June 2019 and the corresponding ordinary resolution in the notice of the 2019 AGM.

Shareholders had subsequently approved the renewal of the Share Buy-Back Mandate at the 2020, 2021 and 2022 AGM.

The Share Buy-Back Mandate will expire on the date of the forthcoming 2023 AGM. Accordingly, the Board is proposing to seek Shareholders’ approval at the 2023 AGM for the renewal of the Share Buy-Back Mandate, to take effect until the conclusion of the next AGM of the Company.

2.2 Rationale for Share Buy-Back Mandate

The Company proposes to seek Shareholders’ approval for the renewal of the Share Buy-Back Mandate to give Directors the flexibility to undertake Share Purchases or acquisitions up to ten per cent (10%) of the Company’s total issued shares (excluding Treasury Shares and Subsidiary Holdings, if any), as at the date of passing of the resolution at the Company’s 2023 AGM, as described in paragraph 2.3 below at any time, subject to market conditions, during the period when the Share Buy-Back Mandate is in force.

The rationale for the Company to undertake the purchase or acquisition of its issued Shares is as follows:

- (a) The Directors constantly seek to increase Shareholders’ value and to improve, *inter alia*, the return on equity of the Group. A share buy-back at the appropriate price level is one of the ways through which the return on equity of the Group may be enhanced. The Proposed Renewal of the Share Buy-Back Mandate will give the Directors the flexibility to purchase or acquire the Shares as and when circumstances permit.
- (b) The Directors believe that the Share Buy-Back Mandate provides the Company with a mechanism to facilitate the return of surplus cash over and above its ordinary capital requirements in an expedient, effective and cost-efficient manner. It will also provide the Directors with greater flexibility over the Company’s dividend payout, cash reserves and share capital structure with a view to enhancing the earnings and/or NTA value per Share.
- (c) The Directors further believe that the Share Buy-Back Mandate by the Company will help mitigate short-term market volatility, offset the effects of short-term speculation and bolster the confidence of Shareholders.

The Share Purchases will only be undertaken as and when the Directors consider it to be in the best interests of the Company. If and when circumstances permit, the Directors will decide whether to effect the Share Purchases via Market Purchases or Off-Market Purchases, after taking into account the amount of surplus cash available, the prevailing market conditions and the most cost-effective and efficient approach. The Directors do not propose to carry out Share Purchases to an extent that would, or in circumstances that might, result in a material adverse effect on the liquidity, the orderly trading of the Shares, the financial position of the Company

and/or result in the Company being delisted from the SGX-ST. For example, the Directors will ensure that the Share Purchases will not be carried out to such an extent that the free float of the Company's Shares held by the public falls to below ten per cent (10%) (excluding treasury shares).

Any Share Purchase will have to be made in accordance with, and in the manner prescribed by, the Companies Act, the Constitution, and such other laws and regulations as may, for the time being, be applicable.

2.3 **Authority and Limits of the Share Buy-Back Mandate**

The authority and limitations placed on the Share Purchases by the Company under the proposed renewal of the Share Buy-Back Mandate, if approved at the 2023 AGM, are summarised below:

2.3.1 Maximum number of shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company pursuant to the Share Buy-Back Mandate.

The total number of Shares that may be purchased by the Company under the Share Buy-Back Mandate is limited to that number of Shares representing not more than ten per cent (10%) of the issued ordinary shares of the Company as at the Approval Date, unless the Company has reduced its share capital by a special resolution under Section 78C of the Companies Act, at any time during the Relevant Period, in which event the total number of Shares shall be taken to be the total number of Shares as altered by the special resolution. Any Shares which are held as Treasury Shares or Subsidiary Holdings will be disregarded for purposes of computing the ten per cent (10%) limit. As at the Latest Practicable Date, there are Treasury Shares in total of 3,028,000 held in the name of the Company.

For illustrative purposes only, on the basis of 138,972,000 Shares (excluding Treasury Shares and Subsidiary Holdings) in issue as at the Latest Practicable Date and assuming that no further Shares are issued on or prior to the 2023 AGM, not more than 13,897,200 Shares (representing ten per cent (10%) of the Shares in issue (excluding Treasury Shares and Subsidiary Holdings) as at the Approval Date) may be purchased or acquired by the Company pursuant to the proposed Share Buy-Back Mandate.

Although the Share Buy-Back Mandate would authorise the Company to purchase or acquire up to 10% of the issued ordinary shares of the Company (excluding Treasury Shares and Subsidiary Holdings), the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire 10% of the issued ordinary shares of the Company (excluding Treasury Shares and Subsidiary Holdings). In particular, no purchase or acquisition of the Shares would be made in circumstances which would have or may have a material adverse effect on the financial position of the Company or the Group.

The Company may not acquire its own Shares if as a result thereof, the issued share capital of the Company would be reduced below the minimum subscribed capital specified in the Constitution, or if the Share Purchases is carried out to such an extent that it affects the listing status of the Company on the SGX-ST or causes the Company to be unable to meet the minimum public float requirement.

2.3.2 Duration of authority

The Share Buy-Back Mandate will take effect from the Approval Date and continues in force up to the earliest of:

- (a) the date on which the next AGM is held or required by law to be held;
- (b) the date on which the Share Purchases are carried out to the full extent mandated; or
- (c) the date on which the authority contained by the Share Buy-Back Mandate is revoked or varied by an ordinary resolution of the Shareholders in general meeting.

The authority conferred on the Directors and the Company by the Share Buy-Back Mandate may be renewed at each AGM or other general meetings of the Company.

2.4 **Manner of Share Purchases**

Share Purchases may be made by way of:

- (a) Market Purchases; and/or
- (b) Off-Market Purchases.

The Directors may impose such terms and conditions which are not inconsistent with the Share Buy-Back Mandate, the Listing Rules, the listing rules of any other stock exchange on which the Shares may for the time being be listed and quoted, the Constitution, and the Companies Act, as they consider fit in the interests of the Company in connection with or in relation to an equal access scheme or schemes.

Under Section 76C of the Companies Act, an Off-Market Purchase pursuant to an equal access scheme must satisfy all of the following conditions:

- (a) offers for the purchase of issued Shares shall be made to every person who holds Shares, to purchase or acquire the same percentage of their Shares;
- (b) all of those persons shall be given a reasonable opportunity to accept the offers made to them; and
- (c) the terms of all the offers are the same, except that there shall be disregarded:
 - (i) differences in consideration attributable to the fact that offers relate to Shares with different accrued dividend entitlements;
 - (ii) differences in consideration attributable to the fact that the offers relate to Shares with different amounts remaining unpaid (if applicable); and
 - (iii) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

In addition, the Listing Rules provide that, in making an Off-Market Purchase (in accordance with an equal access scheme), the Company must issue an offer document to all Shareholders which must contain at least the following information:

- (a) the terms and conditions of the offer;
- (b) the period and procedures for acceptances;
- (c) the reasons for the proposed Share Purchase;
- (d) the consequences, if any, of Share Purchases by the Company that will arise under the Take-over Code or other applicable take-over rules;
- (e) whether the Share Purchase, if made, could affect the listing of the Shares on the SGX-ST;
- (f) details of any Share Purchases made by the Company in the previous twelve (12) months (whether by way of Market Purchases or Off-Market Purchases), giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for such Share Purchases, where relevant, and the total consideration paid for such Share Purchases; and
- (g) whether the Shares purchased by the Company will be cancelled or kept as Treasury Shares.

2.5 **Maximum Purchase Price**

The purchase price (excluding brokerage, commissions, stamp duties, applicable goods and services tax and other related expenses) to be paid for a Share will be determined by the Directors.

However, the purchase price to be paid for a Share pursuant to the Share Purchases as determined by the Directors must not exceed:

- (a) in the case of a Market Purchase, one hundred and five per cent (105%) of the Average Closing Price (defined below) of the Shares; and
- (b) in the case of an Off-Market Purchase, one hundred and twenty per cent (120%) of the Average Closing Price of the Shares,

in either case, excluding related expenses of the Share Purchase (the “**Maximum Price**”).

For the above purposes:

“**Average Closing Price**” means the average of the closing market prices of a Share over the last five (5) Market Days on which the Shares are transacted on the SGX-ST, or such other stock exchange on which the Shares are listed and quoted, immediately preceding the date of the Market Purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted, in accordance with the Listing Rules, for any corporate action that occurs during the five (5) Market Days period and on the date of the Market Purchase;

“date of the making of the offer” means the date on which the Company announces its intention to make an offer for the Share Purchase from Shareholders, stating therein the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.6 **Status of Purchased Shares**

A Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation), unless such Share is held by the Company as a Treasury Share. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as Treasury Shares.

All Shares purchased or acquired by the Company (other than Treasury Shares held by the Company to the extent permitted under the Companies Act) will be automatically de-listed by the SGX-ST, and certificates in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such purchase or acquisition.

The Directors will decide whether the Shares purchased will be cancelled or kept as Treasury Shares, or partly cancelled and partly kept as Treasury Shares, depending on the needs of the Company at the time of the Share Purchase.

2.7 **Treasury Shares**

Under the Companies Act, Shares purchased or otherwise acquired by the Company may be held or dealt with as Treasury Shares. Some of the provisions on Treasury Shares under the Companies Act are summarised below:

2.7.1 Maximum holdings

Under Section 76I of the Companies Act, the number of Shares held as treasury shares cannot at any time exceed ten per cent (10%) of the total number of issued Shares. Any Shares held as Treasury Shares in excess of this limit shall be disposed of or cancelled by the Company in accordance with Section 76K of the Companies Act within six (6) months from the date such limit is exceeded, or such further period as may be allowed by the Accounting & Corporate Regulatory Authority of Singapore.

2.7.2 Voting and other rights

The Company cannot exercise any right in respect of Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the Treasury Shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of Treasury Shares. However, the allotment of Shares as fully paid bonus shares in respect of Treasury Shares is allowed. Also, a subdivision or consolidation of any Treasury Shares into Treasury Shares of a greater or smaller amount is allowed so long as the total value of the Treasury Shares after the subdivision or consolidation is the same as the total value before the subdivision or consolidation, as the case may be.

2.7.3 Disposal and cancellation

Where Shares are held as Treasury Shares, the Company may at any time (subject to the Take-over Code):

- (a) sell the Treasury Shares (or any of them) for cash;
- (b) transfer the Treasury Shares (or any of them) for the purposes of, or pursuant to share schemes implemented by the Company;
- (c) transfer the Treasury Shares (or any of them) as consideration for the acquisition of shares in, or assets of, another company or assets of a person;
- (d) cancel the Treasury Shares (or any of them); or
- (e) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister for Finance of Singapore.

Under Rule 704(28) of the Listing Rules, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares (in each case, the “**usage**”). Such announcement must include details such as the date of the usage, the purpose of the usage, the number of treasury shares comprised in the usage, the number of treasury shares before and after the usage, the percentage of the number of treasury shares comprised in the usage against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after the usage and the value of the treasury shares in relation to the usage.

2.8 **Source of funds for Share Buy-Back**

In making the Share Purchases, the Company may only apply funds legally available for such purchase or acquisition in accordance with the Constitution and the applicable laws of Singapore. As stated in the Companies Act, the share buy-back may be made out of the Company's profits or capital so long as the Company is solvent.

Pursuant to Section 76F(4) of the Companies Act, a company is solvent if:

- (a) there is no ground on which the company could be found to be unable to pay its debts;
- (b) if:
 - (i) it is intended to commence winding up of the company within the period of 12 months immediately after the date of the payment, the company will be able to pay its debts in full within the period of 12 months after the date of commencement of the winding up; or
 - (ii) it is not intended so to commence winding up, the company will be able to pay its debts as they fall due during the period of 12 months immediately after the date of the payment; and
- (c) the value of the Company's assets is not less than the value of its liabilities (including contingent liabilities) and will not, after the proposed purchase or acquisition, become less than the value of its liabilities (including contingent liabilities).

The Company intends to use internal sources of funds, or a combination of internal resources and external borrowings to finance the Company's Share Purchases. In making the Share

Purchases, the Directors will, firstly, consider the availability of internal resources before considering the availability of external financing. The Company will only make Share Purchases in circumstances which they believe will not result in any material adverse effect to the financial position of the Company or would cause the Company to be insolvent.

The Directors do not propose to exercise the Share Buy-Back Mandate in a manner and to such extent that the liquidity and capital adequacy position of the Group would be materially adversely affected. The Share Purchases will only be effected after considering relevant factors such as the working capital requirement, availability of financial resources, the expansion and investment plans of the Group, and the prevailing market conditions.

2.9 Financial effects of the Share Buy-Back Mandate

The financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the Share Buy-Back Mandate will depend on, *inter alia*, how the Shares are purchased or acquired, the price paid for such Shares and whether the Shares purchased or acquired are held in treasury or cancelled.

The Company's total issued share capital will be diminished by the total amount paid upon the Shares purchased by the Company. The NTA of the Company and the Group will be reduced by the aggregate purchase price paid by the Company for the Shares. The purchase price paid by the Company for the Shares (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by the Company.

The financial effects on the Company and the Group, based on the audited financial statements of the Company and the Group for the financial year ended 30 June 2023, are based on the following principal assumptions:

- (a) the purchase or acquisition of Shares pursuant to the Share Buy-Back Mandate had taken place on 1 July 2022 for the purpose of computing the financial effects on the EPS of the Group and the Company;
- (b) the purchase or acquisition of Shares pursuant to the Share Buy-Back Mandate had taken place on 1 July 2022 for the purpose of computing the financial effects on the Shareholders' equity, NTA per Share and gearing of the Group and the Company; and
- (c) transaction costs incurred for the purchase or acquisition of Shares pursuant to the Share Buy-Back Mandate are assumed to be insignificant and have been ignored for the purpose of computing the financial effects.

2.9.1 Purchase or acquisition out of capital or profits

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's capital or profits so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (excluding related brokerage, goods and services tax, stamp duties and clearance fees) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration (excluding related brokerage, goods and services tax, stamp duties and clearance fees) paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of cash dividends by the Company will not be

reduced but the issued share capital of the Company will be reduced by the value of the Shares purchased.

2.9.2 Financial effects

For illustrative purposes only, and on the basis of the principal assumptions (a) to (c) in paragraph 2.9 above and the assumptions set out below, the financial effects of the:

- (a) acquisition of Shares by the Company pursuant to the Share Buy-Back Mandate by way of purchases made entirely out of capital and held as treasury Shares; and
- (b) acquisition of Shares by the Company pursuant to the Share Buy-Back Mandate by way of purchases made entirely out of capital and cancelled,

based on the audited financial statements of the Group and the Company for the financial year ended 30 June 2023 are set out in the sections below.

(i) **Purchases made entirely out of capital and held as Treasury Shares**

Market Purchase

For illustrative purposes only, in a Market Purchase, based on the assumption that such purchase or acquisition of Shares is financed solely by borrowings of approximately S\$4,286,563 (comprising the principal amount and accrued interest thereon), and assuming that the Maximum Price is S\$0.3024 which is 5% above the average of the closing market prices of a Share over the last five (5) Market Days on which transactions in the Shares were recorded immediately preceding the Latest Practicable Date, the maximum amount of funds required for the purchase of up to 13,897,200 Shares (representing approximately 10% of the issued ordinary shares of the Company (excluding treasury Shares) as at the Latest Practicable Date, which is the maximum number of Shares the Company is allowed to purchase) under and during the duration of the Share Buy-Back Mandate, is approximately S\$4,202,513. On these assumptions, the impact of the Share Purchases by the Company undertaken in accordance with the proposed Share Buy-Back Mandate on the Company's and Group's audited financial statements for the financial year ended 30 June 2023 is as follows:

Off-Market Purchase

For illustrative purposes only, in an Off-Market Purchase, based on the assumption that such purchase or acquisition of Shares is financed solely by borrowings of approximately S\$4,490,686 (comprising the principal amount and accrued interest thereon), and assuming that the Maximum Price is S\$0.3168, which is 10% above the average of the closing market prices of a Share over the last five (5) Market Days on which transactions in the Shares were recorded immediately preceding the Latest Practicable Date, the maximum amount of funds required for the purchase of up to 13,897,200 Shares (representing approximately 10% of the total issued ordinary shares of the Company (excluding treasury Shares) as at the Latest Practicable Date, which is the maximum number of Shares the Company is allowed to purchase) under and during the duration of the Share Buy-Back Mandate, is approximately S\$4,402,633. Mandate, is approximately S\$4,402,633. On these assumptions, the impact of the Share Purchases by the Company undertaken in accordance with the proposed Share Buy-Back Mandate on the Company's and the Group's audited financial statements for the financial year ended 30 June 2023 is as follows:

Note:

(1) Number of Shares excludes 3,028,000 Shares that are held as Treasury Shares.

The actual impact will depend on the number and price of the Shares bought back. As stated, the Directors do not propose to exercise the Share Buy-Back Mandate to such an extent that it would have a material adverse effect on the working capital requirements and/or gearing of the Group. The Share Purchases by the Company will only be effected after assessing the relative impact of a Share Purchase taking into consideration both financial factors (such as cash surplus, debt position and working capital requirements) and non-financial factors (such as share market conditions and performance of the Shares).

Shareholders should note that the financial effects illustrated above, based on the respective aforesaid assumptions, are for illustration purposes only. In particular, it is

important to note that the above analysis is based on the audited accounts of the Company and the Group for FY2023, and is not necessarily representative of the future financial performance of the Company and the Group.

It should be noted that although the Share Buy-Back Mandate would authorise the Company to purchase or otherwise acquire up to ten per cent (10%) of the issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or otherwise acquire the entire ten per cent (10%) of the issued Shares. In addition, the Company may cancel, or hold as Treasury Shares, all or part of the Shares purchased or otherwise acquired. The Company will take into account both financial and non-financial factors (for example, stock market conditions and the performance of the Shares) in assessing the relative impact of a Share Purchase before execution. Taking all these things into consideration, the Board will only consider to proceed with the execution of the Share Purchase if the effects are beneficial to the Company and its shareholders.

2.10 Reporting requirements

Within thirty (30) days of the passing of a Shareholders' resolution to approve the proposed Share Buy-Back Mandate, the Directors shall lodge a copy of the relevant Shareholders' resolution with the Registrar.

The Directors shall lodge with the Registrar a notice of share purchase in the prescribed form within thirty (30) days of a share purchase. Such notification shall include the date of the purchases or acquisitions, the number of Shares purchased or acquired by the Company, the number of Shares cancelled, the number of Shares held as Treasury Shares, the Company's issued ordinary share capital before and after the purchase or acquisition, the amount of consideration paid by the Company for the purchase, whether the Shares were purchased out of profits or the capital of the Company, and such other particulars as may be required in the prescribed form.

The Listing Rules specify that a listed company shall report all purchases or acquisitions of its shares to the SGX-ST not later than 9.00 a.m.:

- (i) in the case of a Market Purchase, on the Market Day following the day of purchase or acquisition of any of its shares; and
- (ii) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer.

Such announcement (which must be in the form of Appendix 8.3.1 to the Listing Manual) currently requires the inclusion of details of, *inter alia*, the total number of shares purchased, the purchase price per share or the highest and lowest prices paid for such shares, as applicable. The Company shall make arrangements with its stockbrokers to ensure that they provide the Company in a timely fashion the necessary information which will enable the Company to make the notifications to the SGX-ST.

2.11 No purchases during price or trade sensitive developments

While the Listing Rules do not expressly prohibit any purchase of shares by a listed company during any particular time or times, because the listed company would be regarded as an "insider" in relation to any proposed purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the proposed Share Buy-Back Mandate at any time after a price sensitive development has occurred or has been the

subject of a decision until the price sensitive information has been publicly announced. In particular, the Company will not purchase or acquire any Shares during the period of two (2) weeks and one (1) month immediately preceding the announcement of the Company's interim results and the annual (full-year) results respectively.

The Company's decision to purchase or acquire Shares would only be made with an arrangement that could reasonably be expected to ensure that information that is not generally available would not be communicated or informed to the person within the Company who makes the decision to transact.

At any time after any matter or development of a price-sensitive nature has occurred or has been the subject of a decision of the Board, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buy-Back Mandate until the price-sensitive information has been publicly announced.

2.12 Listing Status of the Shares

The Listing Rules requires a listed company to ensure that at least 10% of any class of its issued Shares (excluding Treasury Shares) must be held by public shareholders. The "public", as defined under the Listing Rules, are persons other than the Directors, substantial shareholders, chief executive officers or controlling shareholders of the company and its subsidiaries, as well as Associates of such persons.

Based on the Register of Members' shareholdings and the Register of Substantial Shareholders maintained by the Company as at the Latest Practicable Date, there are 28,594,960 Shares in the hands of public shareholders, representing approximately 20.50% of the issued Shares. As at the Latest Practicable Date and assuming the Company undertakes Share Purchases up to the full ten per cent (10%) limit pursuant to the Share Buy-Back Mandate, approximately 14,647,760 Shares, representing approximately 10.50% of the issued Shares will be held by public Shareholders. Accordingly, the Company is of the view that there is a sufficient number of the Shares in issue held by public Shareholders which would permit the Company to undertake purchases or acquisitions of its Shares through Market Purchases up to the full 10% limit pursuant to the Share Buy-Back Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or to affect orderly trading.

2.13 Take-over Implications

Appendix 2 of the Take-over Code contains the share buy-back guidance note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below:

2.13.1 Obligation to make a take-over offer

If, as a result of any purchase or acquisition by the Company of its Shares, the proportionate interest in the voting capital of the Company of a Shareholder and persons acting in concert with him increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code. Consequently, a Shareholder or group of Shareholders acting in concert with a Director could obtain or consolidate effective control of the Company and become obliged to make an offer under Rule 14 of the Take-over Code.

Rule 14.1 of the Take-over Code requires, *inter alia*, that, except with the consent of the SIC, where:

- (a) any person acquires, whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry 30% or more of the voting rights of a company; or
- (b) any person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights and such person, or any person acting in concert with him, acquires in any period of six (6) months additional shares carrying more than one per cent (1%) of the voting rights,

such person shall extend immediately an offer on the basis set out below to the holders of any class of shares in the capital which carries votes and in which such person or persons acting in concert with him hold shares. In addition to such person, each of the principal members of the group of persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

The offer required to be made under the provisions of Rule 14.1 of the Take-over Code shall, in respect of each class of shares in the capital involved, be in cash or be accompanied by a cash alternative at the Required Price.

For the above purposes, “**Required Price**” means in relation to the offer required to be made under the provisions of Rule 14.1 of the Take-over Code, the offer shall be in cash or be accompanied by a cash alternative at a price in accordance with Rule 14.3 of the Take-over Code which is the highest of the highest price paid by the offerors and/or person(s) acting in concert with them for the Shares (i) during the offer period and within the preceding six (6) months, (ii) acquired through the exercise of instruments convertible into securities which carry voting rights within six (6) months of the offer and during the offer period, or (iii) acquired through the exercise of rights to subscribe for, and options in respect of, securities which carry voting rights within six (6) months of the offer or during the offer period; or at such price as determined by the SIC under Rule 14.3 of the Take-over Code.

2.13.2 Persons acting in concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate control of that company.

Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert:

- (a) a company with its parent company and subsidiaries, and subsidiaries or any Associated Companies of the aforementioned companies, any company whose Associated Companies include any of the aforementioned companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the aforementioned persons for the purchase of voting rights;

- (b) a company with any of its directors, together with their close relatives, related trusts and any companies controlled by its directors, their close relatives and related trusts;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis;
- (e) a financial or other professional adviser, with its clients in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total ten per cent (10%) or more of the client's equity share capital;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where they have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, and any person who is accustomed to act according to instructions and companies controlled by any of the aforementioned.

The circumstances under which Shareholders (including Directors) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 of the Take-over Code after a Share Purchase by the Company are set out in Appendix 2 of the Take-over Code.

2.13.3 Effect of Rule 14 and Appendix 2 of the Take-over Code

In general terms, the effect of Rule 14 when read with Appendix 2 is that:

- (a) unless exempted, directors of a company and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such directors and their concert parties would increase to thirty per cent (30%) or more, or if the voting rights of such directors and their concert parties fall between thirty per cent (30%) and 50 per cent (50%) of the Company's voting rights, the voting rights of such directors and their concert parties would increase by more than one per cent (1%) in any period of six (6) months; and
- (b) a Shareholder who is not acting in concert with directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder in the Company would increase to thirty per cent (30%) or more, or if such Shareholder holds between thirty per cent (30%) and fifty per cent (50%) of the Company's voting rights, the voting rights of such Shareholder would increase by more than one per cent (1%) in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorising the renewal of the Share Buy-Back Mandate as the case may be.

However, Shareholders will be subject to the provisions of Rule 14 of the Take-over Code if they acquire Shares after the Company's Share Purchases. For the purpose of the Take-over Code, an increase in the percentage of voting rights as a result of the Share Purchases will be taken into account in determining whether a Shareholder and persons acting in concert with him have increased their voting rights by more than one per cent (1%) in any period of six (6) months.

Shareholders (including Directors) and their concert parties who hold more than fifty per cent (50%) of the Company's voting rights are under no obligation to make a take-over offer if the voting rights of such Shareholders and their concert parties were to increase as a result of the Company purchasing or acquiring Shares.

In calculating the percentages of voting rights of such Directors and their concert parties, Treasury Shares shall be excluded.

If the Company decides to cease the Share Purchases before it has purchased in full such number of Shares authorised by its Shareholders at the general meeting, the Company will promptly inform its Shareholders of such cessation. This will assist Shareholders to determine if they can buy any more Shares without incurring an obligation under Rule 14 of the Take-over Code.

Mr Douglas Foo Peow Yong, a trustee company, his father Mr Foo Kia Hee, his sisters Ms Foo Lena and Ms Foo Lilian, and his wife Ms Koh Yen Khoon, who collectively hold 92,697,500 Shares representing 66.5% of the issued shares of the Company are deemed parties acting in concert with each other under the Take-over Code. In the circumstances, Rule 14 of the Code will not be triggered pursuant to any acquisition or purchases of Shares under the Share Buy-Back Mandate.

Save as disclosed above and to the best of their knowledge, the Directors are not aware of any fact(s) or factor(s) which suggest or imply that any particular person(s) and/or Shareholder(s) are, or may be regarded as, parties acting in concert such that their respective interests in voting shares in the capital of the Company should or ought to be consolidated, and consequences under the Take-over Code would ensue as a result of a purchase of Shares by the Company pursuant to the Share Buy-Back Mandate.

Based on the Register of Members' Shareholding and the Register of Substantial Shareholders of the Company as at the Latest Practicable Date, the Directors are not aware of any Director or Substantial Shareholder (together with persons acting in concert with them) who may become obliged to make a mandatory offer under Rule 14 of the Take-over Code in the event that the Company purchases the maximum number of 13,947,200 Shares under the proposed Share Buy-Back Mandate.

The statements herein in relation to the Take-over Code do not purport to be a comprehensive or exhaustive description of all implications that may arise under the Take-over Code. Shareholders are advised to consult their professional advisers and/or the SIC and/or the relevant authorities at the earliest opportunity as to whether an obligation to make a take-over offer would arise by reason of any Share Purchases or acquisitions by the Company pursuant to the Share Buy-Back Mandate.

2.14 Limits on shareholdings

The Company does not have any individual shareholding limit or foreign shareholding limit. However, under the Listing Rules, a company should ensure that at least ten per cent (10%) of a class of its listed securities (excluding Treasury Shares, preference shares and convertible equity securities) is at all times held by the public (as defined in the Listing Rules). The Company shall use its best efforts to ensure that it does not effect a Share Purchase if the Share Purchase would result in the number of Shares remaining in the hands of the public falling to such a level as to cause market illiquidity or adversely affect the listing status of the Company.

2.15 Interested Persons

The Company is prohibited from knowingly buying Shares on the SGX-ST from an interested person, that is, a Director, the chief executive of the Company or Controlling Shareholder of the Company or any of their Associates, and an interested person is prohibited from knowingly selling his Shares to the Company.

2.16 Shares purchased by the Company in the previous 12 months
